

Launched Dec 2014

Ocean Spirit

The new *Ocean Spirit* is Maui's newest and finest, luxury sailing catamaran and represents the pinnacle of leading-edge sail technology and trendsetting vessel design which affords an elegant platform for memorable whale and dolphin watching, snorkeling, sunset cocktail cruises and private charters.

Special Features

Quick Facts

Max Capacity: 90 passengers
Length: 65 feet
Width: 29.4 feet
Beam: 29' 4" feet
Main, high jib and spinnaker sails

Custom Design

Ocean Spirit was custom designed by Gold Coast Yachts, a innovator in sailing catamarans. Built to exacting specifications, integrating the latest technology coupled with Pacific Whale Foundation's 35 years of marine Eco-Adventure experience.

Ultra smooth sailing

Streamlined hulls and spacious deck design provide the ultimate in passenger comfort, while operating as a performance sailing catamaran. *Ocean Spirit* is capable of cruising at speeds of 22 knots.

Spacious and yet intimate

This one-of-a-kind design offers an extra large deck area with plenty of outdoor seating, sundeck trampoline areas on the bow, and a luxuriously appointed interior with comfortable seating and tables that provide guests with the ultimate in comfort and space. Although rated for 90 passengers, Pacific Whale Foundation will limit the number of passengers by cruise type to provide an open yachting experience with plenty of room to relax and enjoy.

Amenities

This vessel features the finest amenities from an onboard barbecue, water slide, three swim ladders for easy water entry and boarding, a full bar complete with beer and soft drinks on tap, teak dining table easy on the feet teak interior decking, his and her air-conditioned bathrooms, padded seating, surround sound system, on board video monitor and the latest in navigational and sailing technology. Ideal for marine life watching, snorkeling and sunset cruises. With plenty of seating, walking and deck space, and easy ocean access, *Ocean Spirit* provides an ideal platform for snorkeling, watching humpback whales, dolphins, and enjoy Maui's incredible sunsets and scenic coastline.

Eco-Friendly

Features state-of-the art sails and rigging backed by a clean-burning, fuel efficient and low emission Tier 3 Cummins diesel engines. Easy pump-out system for proper disposal of vessel waste and on-board recycling center. Fiberglass composite hull incorporates noise reduction features to protect sound sensitive whales and dolphins. Equipped with US Coast Guard approved whale protection devices to guide whales away from propellers and running gear.

Ocean Discovery

Ultra-modern and upscale, Ocean Discovery represents the pinnacle of leading-edge, trendsetting vessel design. This exclusive, customized catamaran provides an ideal setting for elegant at-sea dining, as well as memorable wildlife watching and snorkeling cruises.

Quick Facts

Max Capacity: 147 passengers
Length: 65 feet
Width: 28 feet

Special Features

❖ Custom-designed:

Created by a noted team of professional engineers and designers, Ocean Discovery was custom-created to exacting specifications, integrating Pacific Whale Foundation's three decades of marine ecotour experience.

❖ Ultra smooth ride:

Streamlined hulls (made by world-famous Australian-based One Two Three Designs) add extra stability for the ultimate in passenger comfort. Hospital-grade muffler and exhaust system provide ultra-quiet operation.

❖ Spacious and comfortable:

Dining tables with armchairs on upper deck, bow and main salon, so that every diner is assured of a fabulous ocean view. Each chair features custom-made folding armrests with cup holders.

❖ Ideal for snorkeling:

Four-foot wide double entry grand stairway leads to two oversized swim platforms for easy entry into and out of the ocean. A slide provides fun for adults and kids! All snorkeling equipment (including flotation devices and optical masks) on board. A total of four freshwater showers are conveniently located, two on each side of vessel.

❖ Excellent for entertaining:

Features well-appointed main salon, with full galley and bar equipped with warming oven and refrigerator. Custom-designed, centrally located serving buffet with built-in heating elements and two oversized stainless steel barbeques ensure fast food service for all guests. Equipped with a high performance digital music and public address system. Powered by super-quiet, Northern Lights Generator.

❖ Amenities:

Custom-finished interior has smooth walls and trim. "His" and "hers" marine heads are bathroom-style and low-volume.

❖ Eco-friendly!

Features clean-burning, low-emissions Tier 2 engines, easy pumpout system for proper disposal of vessel waste, and noise reduction features to protect sound sensitive whales and dolphins. Equipped with U.S. Coast Guard approved whale protection devices to guide whales away from propellers and running gear.

Launched in 2001

Ocean Odyssey

Maui's ultimate high-tech, high-speed, power catamaran. Sleek, modern and elegant, Ocean Odyssey is a double deck vessel that offers uncompromising passenger comfort and excellent viewing of marine wildlife.

Quick Facts

Max Capacity: 147 passengers
Length: 65 feet
Width: 28 feet

Special Features

❖ Custom-designed:

Built to exacting specifications especially for Pacific Whale Foundation, based on our three decades of offering high-quality marine eco-adventures.

❖ Ultra smooth ride:

Foil-shaped hulls made by world-famous Crowther Multihulls (maker of hulls for world-class racing catamarans) add extra stability for the ultimate in passenger comfort.

❖ Spacious and comfortable:

Elevated upper sundeck and luxurious main salon feature comfortable armchair seating. Three tiers of cushioned grandstand seating on the bow. All seats offer excellent viewing of whales and dolphins.

❖ Ideal for snorkeling:

Special four-foot wide double entry grand stairway leads to oversized swim platform for easy entry into and out of the ocean. A slide provides fun for adults and kids! All snorkeling equipment (including flotation devices and optical masks) on board.

❖ Excellent for entertaining:

Includes full galley and bar equipped with warming oven and refrigerator, plus two large stainless steel barbecues. Equipped with a high performance digital music and public address system. Powered by super-quiet, Northern Lights Generator.

❖ Amenities:

Hot and cold freshwater showers, plus bathroom style "his" and "hers" marine heads.

❖ Eco-friendly!

Features ultra-modern clean-burning Tier 2 engines, noise-reduction features to protect sound sensitive whales and dolphins, and use of recycled aluminum and recycled rubber throughout. Equipped with U.S. Coast Guard approved whale protection devices to guide whales away from propellers and running gear.

Launched in 2002

Ocean Quest

A high-tech double-deck luxury power catamaran built with SmoothCat™ technology for an ultra-smooth, comfortable ride. Ideal for entertaining, lunches, dinners and special events!

Quick Facts

Max Capacity: 110 passengers

Length: 65 feet

Width: 28 feet

Special Features

❖ Ultra smooth ride:

Ocean Quest features hull designs by Crowther Multihull of Sydney, Australia, maker of hulls for world-class racing catamarans. These foil-shaped multihulls offer extremely low wake heights (to cause less disruption to marine life) and are fast, smooth, and fuel-efficient.

❖ Spacious and comfortable:

Passengers can choose from seating on the spacious upper sun deck, front bow sunbathing area and in the shaded cabin. Comfortable armchair fabric seats are clustered around personalized tables, each outfitted with cup holders, in the cabin and on the upper sundeck. Equipped with bathroom-style men's and women's marine heads.

❖ Ideal for snorkeling:

Ocean Quest's big swim on/ swim off snorkel platform is the most comfortable and easy-to-use snorkel access system in the industry. All snorkeling equipment (including flotation devices and optical masks) on board. Includes freshwater showers for rinsing off after snorkeling.

❖ Ideal for entertaining:

A large shaded cabin provides plenty of interior space, and the upper sundeck and bow offers ample room for sunbathing and lounging. The cabin is well-appointed with a central serving buffet and galley/bar (with ice-bin, hot and cold running water, drink station). A large stainless steel barbecue grill offers hot-off-the-grill specialties. A perfect choice for special events such as weddings, private parties and dinner or lunch cruises. Equipped with a high performance digital music and public address system. Entertainment systems are powered by a state-of-the-art electrical system.

❖ Eco-friendly!

Modern, clean-burning, low-emissions Tier 2 Cummins 550 HP engines power Ocean Quest at speeds of up to 24 knots. Equipped with U.S. Coast Guard approved whale protection devices to guide whales away from propellers and running gear.

Launched in 2003

Ocean Voyager

Sleek, elegant and high-tech, Ocean Voyager offers an ideal venue for snorkeling, wildlife-watching and relaxation. This ultra-smooth vessel features an exciting array of amenities – including a water slide!

Quick Facts

Max Capacity: 147 passengers
Length: 65 feet
Width: 28 feet

Special Features

❖ Eco-friendly!

Features ultra-modern clean-burning engines, noise-reduction features to protect sound sensitive whales and dolphins. Equipped with U.S. Coast Guard approved whale protection devices to guide whales away from propellers and running gear.

Launched in 2000

Ocean Explorer

Ideal for fun and adventure, Ocean Explorer is sleek, modern, fast and smooth-riding. The eco-friendly design of this power catamaran is based on Pacific Whale Foundation's three decades of marine wildlife watching experience.

Quick Facts

Max Capacity: 44 passengers
Length: 54 feet
Width: 17 feet

Special Features

❖ Custom-designed:

Built to exacting specifications especially for Pacific Whale Foundation, based on our three decades of experience offering high-quality marine eco-adventures.

❖ Ultra smooth ride:

Built with design features found on multi-million dollar wave-piercing catamarans (such as an anti-slamming device) to ensure a smooth, comfortable ride.

❖ Unobstructed views:

Passengers sit in individual "Ocean Outdoor" captain-style chairs arranged stadium-seating style to give each passenger the maximum opportunity to view whales and other marine wildlife.

❖ Ideal for snorkeling and adventure:

Includes a freshwater shower, men's/women's bathrooms, an easy access swim step and a snack bar.

❖ Eco-friendly!

Features skewed propellers to reduce underwater noise and protect sound sensitive whales and dolphins, clean-burning engines, and use of recycled aluminum throughout. The exterior aluminum finish above the water line has been left unpainted, reducing the use of toxic paints. Equipped with U.S. Coast Guard approved whale protection devices to guide whales from propellers and running gear. Tier 2 Cummins 6CTA diesel engines offer maximum power efficiency. Ocean Explorer can cruise at speeds of up to 28 knots.

Launched anew in 2012

Ocean Liberty

Ocean Liberty is a smartly designed 65-foot eco-adventure yacht with sporty modern lines and an exciting, fun ride. Abundant seating with open-air shade and sunbathing areas, plus easy access to the water for snorkeling, are some of the reasons why Ocean Liberty is perfect for all types of ocean eco-adventures.

Special Features

Quick Facts

Max Capacity: 115 passengers
Length: 65 feet
Width: 19 feet

❖ Built for adventure:

This aerodynamic yacht is perfect for fun and thrills in Hawai'i's unique ocean environment. The sleek monohull and open air design make Ocean Liberty ideal for ocean adventures...and yes, we provide you with a poncho.

❖ Spacious and comfortable:

Large aft deck features bench seating and a large overhead shade canopy. Ocean breezes flow through the open sides, creating an ultra-comfortable, pleasant place for relaxing. The bow offers multi-level bench seats and a sunbathing deck, providing casual, versatile spots for sitting, reclining, engaging in conversation or viewing the scenery around you.

❖ Unobstructed views:

Every side of Ocean Liberty offers excellent whale and wildlife watching. The bow has a deck that protrudes above the sea, and features a safe, wrap-around railing. It's thrilling to stand along the railing and watch bowriding dolphins beneath you – or a curious whale that approaches the vessel.

❖ Ideal for snorkeling:

A 18 foot x 3 foot swim deck on the stern sits just 8" above the water. Put on your fins and slide right in to snorkel! A wide swim step offers easy access out of the water. All snorkeling equipment (including flotation devices and optical masks) is found on board.

❖ Excellent for entertaining:

A large, wrap-around serving bar makes it easy to serve up ice-cold drinks, snacks and buffet-style meals. Want music? Ocean Liberty is equipped with a high-powered digital music system and public address system.

❖ Amenities:

Ocean Liberty features air-conditioned men's and women's marine heads (bathrooms). Underseat storage offers a convenient place to stow personal items and gear. There's even a hot water shower on the swim deck, for rinsing off after snorkeling.

❖ Eco-friendly!

Equipped with modern, Tier 2 low-emission, high-efficiency diesel engines, this yacht is both fuel efficient and quiet.

Launched anew in 2006

Ocean Intrigue

An ultra-smooth catamaran with spacious cabin and sunbathing areas, plus a galley with bar and serving area.

Special Features

Quick Facts

Max Capacity: 100 passengers
Length: 65 feet
Width: 27 feet

❖ Ultra smooth ride:

Ocean Intrigue is a modern catamaran, designed to provide an ultra smooth ride.

❖ Spacious and comfortable:

Choose from outdoor seating on the bow, upper deck or stern, or indoor shaded seating in the main galley.

❖ Ideal for snorkeling:

Special four-foot wide double entry grand stairway leads to oversized swim platform, provide easy entry into and out of the ocean.

❖ Excellent for entertaining:

Ocean Intrigue features a shaded indoor galley and bar. The large counters are ideal for serving buffet meals.

❖ Amenities:

Including "his" and "hers" bathrooms (marine heads).

❖ Eco-friendly!

Ocean Intrigue is equipped with a U.S. Coast Guard approved Whale Protection Device, created exclusively for Pacific Whale Foundation by maritime architects and engineers to safely guide whales away from propellers and running gear.
