

PART OF YOUR WORLD

July 13-17, 2020

Do you find yourself longing for the ability to dive down a little bit deeper? Craving to feel comfortable while submerged for a greater amount of time than what seems humanly possible? Perhaps you've seen other mammals reaching your goals and you've been lost in thought wondering just how they do what they do all while being distantly related to you! Well, you're in luck. This week we'll learn all about how marine mammals are able to so effectively survive both above and below the water's surface!

	MONDAY July 13	TUESDAY July 14	WEDNESDAY July 15	THURSDAY July 16	FRIDAY July 17
WHAT TO BE PREPARED WITH	<ul style="list-style-type: none"> • water • pencil • notebook • coloring materials 	<ul style="list-style-type: none"> • water • pencil • notebook • coloring materials 	<ul style="list-style-type: none"> • water • pencil • notebook • coloring materials 	<ul style="list-style-type: none"> • water • pencil • notebook • coloring materials • bowl • chopsticks • comb or fork • 1 palm sized leaf 	<ul style="list-style-type: none"> • water • pencil • notebook • coloring materials
