

# MAKE A SPLASH!

December 20 – December 24, 2021

Year after year the seascape around the Hawaiian Islands shifts to include the tremendous splashes of some of the ocean's largest inhabitants. These acrobatic marine dwellers not only stir up commotion above the surface of the water, but they also make their presence known from below with their distinct vocals. You may have guessed that we'll spend the week diving into the incredible existence of humpback whales!
