

# COASTAL MARINE DEBRIS MONITORING PROGRAM

P A C I F I C W H A L E F O U N D A T I O N

Mahalo for participating in our community science coastal marine debris monitoring program. Please complete this data form (front and back) and submit your data digitally by using the QR code on the back or by taking a picture of the front and back of your printed data sheet and emailing it to [conservation@pacificwhale.org](mailto:conservation@pacificwhale.org). The information collected will be used by our Conservation and Research department to determine trends and sources of specific marine debris. We thank you for supporting our mission to protect the ocean through science and advocacy and to inspire environmental stewardship.

We love receiving photos of your beach cleanup moments. By submitting photos to Pacific Whale Foundation, you grant us the right to use them for outreach or educational purposes.

It may be easiest to assign one person as recorder and the other(s) as cleaners. Tally marks are helpful for keeping track of items collected. Please total your tally marks in the TOTAL boxes.

You may encounter fire debris on the beach that you do not have the capacity to remove. For your safety, please take photos and send them to us along with the location. We have staff available to help if there is a large response needed.
